A VOTE FOR ME,
IS A VOTE FOR YOU!

Who Am I?

Hi! My name is **Jasmin** (she/her). I'm 21 years old and I'm a **final year Applied Languages** student. I'm running to take over from Alison Fitzgerald and be your next **VP Academic Officer**.

There are many things which I would like to bring UL's attention to, and with your help I would like to implement ideas to improve your academic experience!

I am **passionate** about **student representation**, and **eager** to ensure that your **voices are heard** as we hopefully return to a post-pandemic normality.

Having previously been a **Peer Advisor** for incoming first years I understand students' concerns and needs and I am very excited to be able to **make a real difference** to your academic life here in UL.

Goals I Will Work

Towards...

- A **ceremony** for 20/21 graduates who were effected by COVID-19 restrictions.
- Lobbying against **100% exams** and **negative marking** throughout the faculties.
- Propose the implementation of **Irish language classes** for all levels and propose the introduction of Gaeilge on the language exchange timetable.
- Introducing **workshops** hosted by previous Erasmus & Co-Op students to illustrate the realities of life abroad and in business.
- Adjustments to the **Co-Operative Education Programme**, including increased **support** for students abroad.

So, How Will I Do This?

- I promise to keep an on going relationship with your **class reps** from all UL courses and ensure that your voices and concerns are being heard.
- I promise to work closely with your Student Life **President, Welfare Officer** and **Communities Officer**, ensuring we are all updated on the goings-on around campus so we can tackle current issues together.
- I promise to stay in contact with **Academic Advocates** - the academic committee founded by your current Academic Officer, Alison Fitzgerald.
- I promise to liaise with the **CoOp Office and International Division** to ensure students with issues on work placements or Erasmus are being heard and supported.
