

Eoghan For Student Council Chairperson

Who am I?

My name is Eoghan O' Mahony, and I am a First Year Engineering student at the University of Limerick.

I am a people driven worker, fuelled by a want for positive change. I am looking to build upon my experience within UL (University of Limerick) Student Life as a Class Rep and First Year Councillor on the Student Council.

I am putting myself forward for this role out of pure appreciation for the spirit of tenacity and resolve embodied by UL students, and this powerful spirit of passion needs to be represented within the Student Life Executive

Why am I running?

I want to be able to facilitate these all-important discussions at a Student Council level as the chairperson and be able to take your voices to the Student Executive.

I want to be able to engage in meaningful campaigns with the upcoming Student Life Officers, to bring about positive change on the UL campus, no matter the scale.

I want to be given the opportunity to nurture healthy and constructive debate within the student council, to generate outcomes that are reflective of all student contribution.

What are my aims?

My first aim is to ensure that Student Council is Transparent. All student council meeting minutes should be uploaded to a specific and central location, and be available in plain language, not complex hoops of jargon. Students have a right to know what is being discussed on a council level and how it impacts them. Students want to be able to see what is being done about the issues they have raised with their student representatives, and it is imperative that we uphold that right.

My secondary aim is to strive for an efficient Student Council. It is a common occurrence that time can be tight in Student Council meetings, and they can get knotted up in process and procedure. I want to push to engage with the coordinating staff in Student Life to ensure that meetings can be as smooth as possible, and that more time can be given to discussion and voting on important topics. I understand the length of the processes in the meet

My final aim is to be active and present on the ground. I am always around for a chat at any time and that will allow me to commit to being an engaged and aware member of both the Student Council and the Student executive. No matter what you have to say, I will take it on board, and I will make sure your message ends up with the right person, and if it's not within my role, I should know where you can go.

Issued by Tim Hannon, Campaign Manager for Eoghan O' Mahony
